

FIRST ANNOUNCEMENT

THE 18TH CONFERENCE OF GOOSE SPECIALIST GROUP

We are pleased to announce that the 18th conference of Goose Specialist Group will take place on 27 – 30 March 2018 in Klaipėda, Lithuania. The event will be hosted by the Klaipėda University and Baltic Valley, on behalf of the Goose Specialist Group.

The program will include plenary talks by leading goose experts, oral and poster presentations, symposia and round tables, and a field trip to Nemunas River floodplains. Basic topics will involve a variety of research fields related to geese as their migration and reproduction ecology, eco-physiology, diseases and management of populations. Other topics related to waterfowl ecology, biology and the impact of global change and anthropogenic activities are also welcome.

Abstract submission and registration will be opened before summer 2017. Proposals for organizing symposia, special workshops and round tables are welcome till October 1, 2017. Sponsorship and special sessions initiated by potential sponsors are very welcome.

The conference fee will be announced together with registration but it is not going to exceed 250 Euro for early-bird registration. Reduced fees will be available.

The conference will be held at the campus of the Klaipėda University, H. Manto 84, Klaipėda, Lithuania.
